

Inspire women
to take the lead

Become an Executive Mentor

Inspiring future leaders

NAWO

inspiration at work

NAWO Mentoring Circles

NAWO's flagship mentoring program, offered exclusively to our members, provides you with the opportunity to mentor a group of 5-8 high potential women and guide them through a series of sessions that have the potential to have a profound impact on their future careers.

**Do you have a proven track record in operations leadership?
Are you passionate about encouraging and
supporting future leaders?**

Becoming an Executive Mentor with NAWO makes a very visible, practical and valuable contribution.

If you can commit to 6 x 90 minute sessions over 36 weeks, we will provide you with our online NAWO Mentor Pack, complete with 'conversation maps' and other tools. Together, we can help fill the pipeline of talented women in operations!
